DELIVERING THE NEWS

ADDING A GAME CHANGER

TO THE GAME CHANGER...

The New Sanremo Autosteam

Over the years we've been able to offer automatic milk steaming arms on a range of our espresso machines. While they've generally been pretty robust, they've always been decidedly mediocre with the milk texture they can produce, sometimes very noisy and limited in the scope of temperature adjustment they offer.

Well, it's safe to say that Sanremo have cured all these complaints with their new Autosteam. What we have now, as fitted to the D8 in our showroom, is an automatic steam wand that delivers unbelievable milk texture time and time again.

A worthy investment for any hospitality business seeking to gain a consistency advantage for all front of house staff.

NEW IN THE SHOWROOM

New Dr Coffee Machines

The story of 2026 has been the unprecedented success of the new range of machines from Dr Coffee. They have been, by some considerable margin, the most popular kit of the year. Whether you're looking for something simple like the F16, a bean to cup with the option of a steam wand such as the Zone T or a full-menu unit that's perfect for self service like the T200 they've been selling in huge numbers! Much of this is down to three key areas: Value for money, reliability and the attractive screens!

We have all models available as demo options in our showroom. If you'd like to sample the coffee for yourself get in touch to arrange a visit!

NEW

THE F-16

- For a maximum of 100 cups per day
- Fresh beans, fresh milk
- Stunning tablet control panel
- Tank fill or plumbed to mains
- Milk Fridge included
- From just £14.38 +vat per week

- For up to 200 cups per day
- Fresh beans, fresh milk, instant chocolate
- Stunning tablet control panel
- Includes milk fridge
- Plumbed to mains
- From just £28.27 +vat per week

To view the rest of our machine range visit cabercoffee.com, or simply scan this

NEW

THE COFFEE CENTRE

- For up to 200 cups per day
- Fresh beans, instant milk & chocolate
- LED ambient lighting
- Clear tablet display
- Plumbed to mains
- From just £19.99 +vat per week

KEMNAY FC

We've introduced you to the Kemnay 2014s team before when we first sponsored them over 3-years ago and, of course, we've supported them in 2024 and 2025 by providing a van to get their kit over to Germany for the Kronos Cup tournament near Bremen. The 2026/27 season saw them starting competitive football at 11-a-side and we were only too happy to sponsor their home kit while Gail Reid Mortgage Services have kindly sponsored their away strip. As we go to press the boys are 6 games in and presently sit at the top of their league! Congratulations lads! Keep it up for the rest of the season!

NEW 'TO GO' UNIT

We were exceptionally proud of the first To Go unit that we produced and there was always going to be a version 2.0 model. They've now arrived in Aberdeen and we're delighted with them.

This pared back model is more compact than before but still offers all the features of our original, plus it has a pair of stylish LED downlighters to make your new coffee machine really stand out! We can supply a unit, with a brand new T200 coffee machine and a matching 6-litre milk fridge for under £270.00+vat per month over 3-years! That's less than £9.00 per day meaning that you need sell fewer than 5-cups of coffee per day to be profitable!

WE ARE YOUR COFFEE EXPERTS

THE STOCKING FILLER IS BACK

Off the back of the huge success we had last Christmas, Stocking Filler retail packs are now ready to order again! Like last year we're offering a choice of beans or ground, packed as 12 x 250g and 25p from every bag sold goes towards the Original 106 Christmas Appeal which this year is supporting both VSA and Abernecessities. The best bit for our customers is that we have a hotline to the Original 106 studios and, if you buy even just 1-case to retail, you'll be sure to be given a mention, with your business name and location, live on Original 106 several times throughout the appeal.

Who'd have thought that buying a Christmas themed coffee could get you free radio advertising...? It is the season of goodwill after all!

ORIGINAL 106 Christmas DELIVERED

AND FINALLY...

We must inform you all that Iris has announced her retirement. We're all absolutely going to miss her every day, but we thought we'd give the last word to her by asking what thoughts she'd had of her time at Caber Coffee...

After eleven and a half years at Caber Coffee what can I say....

'I am never happier than sitting with a coffee first thing getting my calling cards organised, talking to all my lovely customers some of whom I have known prior to Caber Coffee. It's not just about taking and processing their orders to me, it's whether they had a nice holiday, which stops did they visit on their cruise and if they can cope looking after all their grandchildren during the school holidays, I will miss our wee blethers.

I have loved every minute, working with my Caber family, and I will miss them terribly when I leave but they will not have seen the last of me!

I am looking forward to my other great love of cruises and holidays with my husband Graham. Having more time for my garden, meeting up with friends for a coffee and a catch up and making time for some new hobbies.'

If you'd like to wish her well just call the office and have a chat, she'd love to hear from you!

On behalf of us all, Iris, thank you for being a valued, fun and friendly member of the Team. Have a wonderful, relaxed and busy retirement and we'll look forward to seeing you pop in from time to time.
